An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 21, line 21, after "extending" - - continuously - - has been inserted.

Claim 38 has been renumbered as claim 36 pursuant to Rule 126.

Claim 22 has been rejoined and is allowed with claims 21-36.

The following is an examiner's statement of reasons for allowance: none of the prior art (nor any of the rejections of original claims 1-20 set forth in the EPO and JPO prosecutions of corresponding foreign applications) fairly teaches the details of the seal structure claimed in the last paragraph of claim 21 in the type of air conditioner device recited in the remainder of claim 21. Accordingly, this application is allowed.

Additionally, JP 2000-168335 newly cited in this RCE as well as the un-translated JPO office action have been considered pursuant to the guidance set forth in the MPEP. The limitation in presently amended claim 21 that the "first flap seal extending continuously beyond the connecting region...." in the manner claimed is not fairly disclosed or taught by any of the prior art, including JP '335, which shows two distinct flap seals separately formed on either side of hinge portion 33, not a flap seal extending continuously across the hinge portion 33 in the manner claimed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John K. Ford whose telephone number is 571-272-4911. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on 571-272-4834.
